System Requirements:

It is also recommended to use a 2GB video card with 16GB RAM, but you can still play the game fine using a 1GB video card. I recommend using a clean OS install with "Fast Startup". I recommend a Dual Core CPU and 4GB RAM. 32-bit OS and the latest version of DirectX. Recommended: GeForce GTX 970 or AMD R9 290 or better. High resolution monitors, 32-bit or 64-bit OS. Required:
